REASONS WHY YOU SHOULD JOIN

Topeka PC Users Club

You will become more proficient and effective in using your computer. You will achieve greater satisfaction and obtain an increased sense of mastery of your computer and its software.

You will receive a monthly newsletter featuring information about the Special Interest Groups (SIGs), reviews of software, and other informative articles. We keep you up-to-date on the Club's activities and what is new in the world of computer technology.

You may attend our General Meeting held on the **second Thursday** of each month at 7:00 p.m. in Petro Hall on Washburn Campus. Here, we present programs which will educate you on the latest computer technology and its applications.

Presentations, at times, feature major software and hardware vendors. At this meeting, you may present any problems you are having. Most questions that have you feeling helpless with your new computer can be answered.

HELPING COMPUTER USERS SINCE 1987

is the motto of the Topeka PC Users Club.

We endeavor to fulfill this pledge by offering help and information on various aspects of computing through our Special Interest Groups (SIGs).

The SIGs are organized around a special area of interest. There are currently nine such groups that hold monthly meetings. These SIGs provide a relaxed, informal atmosphere for in-depth exploration of ideas, techniques and their applications.

The club is open to everyone who uses a computer regardless of one's level of expertise. We especially welcome individuals who have purchased their first computer and find themselves in need of support.

REVISED — JULY 2008

Topeka PC Users Club

IMAGE TWEAKERS SIG

Second Monday — 7:00 p.m.
Jostens - 37th and Adams

Be it vector images or bitmaps, we address it all. From composition to color balance, we look at tools to help create the image on the computer that is in your mind and improve the ones you've captured. Please call Nick at 267-1531 for details.

NEW USER GROUP 1 SIG

Tuesday following
General Meeting 7:30 p.m.

If you are a beginner, this SIG is for you. Issues focus on the fundamentals of PCs. All questions are welcome. Please call 232-3206 (after 4:00 p.m.) for details.

NEW USER GROUP 2 SIG

Tuesday following
General Meeting 7:30 p.m.

If you feel comfortable with your computer but still need some reinforcement on the basics, you will enjoy this group. Please call 478-4034 for details.

Topeka PC Users Club

LINUX SIG

Third Monday — 7:30 p.m.

Our pursuits are directed towards the Red Hat Fedora distribution Knoppix and may also explore the Novell/SuSE distribution. We use graphical user interface and the command line and try to present several topics at each meeting in an informal format. Please call Bob Bowser for location and details at 478-4034 or e-mail rbowser@cox.net.

DIGITAL IMAGING SIG

Third Wednesday — 7:00 p.m.
Jostens - 37th and Adams

This group helps you get the most out of your digital camera. You will develop skills in composing and taking pictures. Please call 273-1017 or e-mail rhianydd@cjnetworks.com for details

AFTER LUNCH BUNCH SIG

Second and Last Mondays — 1:00 p.m.
Classic Bean Cafe
Fairlawn Plaza Shopping Center

This daytime group discusses computer problems – from beginner to advanced. Topics are presented, but questions are always welcome. Please call 273-1324 for details.

Due to circumstances beyond our control, it is sometimes necessary to change the time and location of our SIG meetings. Please check our website or call the phone number listed in the SIG description.

Topeka PC Users Club

ADVANCED TOPICS SIG

Fourth Tuesday — 7:30 p.m.

This group discusses and evaluates a wide variety of hardware, software, configurations, and issues submitted by members. Please call 478-4034 for details.

WEBSITE DESIGN SIG

First Monday — 7:00 p.m.
Topeka/Shawnee County
Public Library

This group is new for this year. It meets the first Monday of each month at the Public Library, 1515 SW 10th, at 7:00 PM. For details, please call 272-8444 or LHenderson85@hotmail.com.

COMPUTER GENEALOGY SIG

Second Saturday — 9:30 a.m.
Kansas State Historical Society
6425 SW 6th

This SIG is for the family history researcher using the computer and the Internet. Real-time computer and Internet demonstrations will be available. This SIG is jointly sponsored by the Topeka Genealogical Society and the Topeka PC Users Club. For details, please call 272-8444 or e-mail LHenderson85@hotmail.com.
